

The Seven Supreme Spirit Groups

The seven Supreme Spirit groups are the universal co-ordinating directors of the seven-segmented administration of the grand universe. They are usually classed among the functional family of the infinite spirit. The following three groups are classified as the children of the Paradise Trinity:

1. The Seven Master Spirits
2. The Seven Supreme Executives

3. The Reflective Spirits

The remaining four groups are brought into being by the creative acts of the Infinite Spirit or by his associates of creative status:

4. The Reflective Image Aids
5. The Seven Spirits of the Circuits
6. The Local Universe Creative Spirits

7. The Adjutant Mind-Spirits

The Seven Master Spirits (Co-ordinating Directors) act directly and personally in the regulation of physical power, mind energy and impersonal spirit ministry. In all other matters, they work through their multifarious associates. They do not directly and personally contact universe administration below the Ancients of Days. (17:0.1-5)

The Local Universe Creative Spirits	Co-created with the Creator Son as the Supreme Reaction Of Complement	Local Universe	The six known phases of the career of a local universe Mother Spirit are: 1. <i>Initial Paradise Differentiation.</i> When a Creator Son is personalized by the joint action of the Universal Father and the Eternal Son, simultaneously there occurs in the person of the Infinite Spirit the “supreme reaction of complement.” The birth of a co-ordinate Creator Son signalizes the birth within the person the Infinite Spirit within the person of the potential of the future local universe consort of this Paradise Son. (17:6.3) 2. <i>Preliminary Creatorship Training.</i> The future Mother Spirit undergoes further development of entity and becomes group conscious of destiny (space cognizant and spirit skill). (17:6.4) 2. <i>The Stage of Physical Creation.</i> The Master Spirit who directs the superuniverse to which the this new Creator Son is destined gives expression to the “prayer of identification” in the presence of the Infinite Spirit, and for the first time, the entity of the subsequent Creative Spirit appears differentiated from the person of the Infinite Spirit and immediately becomes part of the Master Spirit, until her departure with the Creator Son while committing herself to eternal fidelity and unending loyalty. The Father-united Creator Son and Creative Spirit then go forth to universe creation. 4. <i>The Life-Creation Era.</i> When the Creator Son declares his intension to create life, on Paradise there ensues the “personalization ceremonies” participated in by the Seven Master Spirits and personally experienced by the supervising Master Spirit contributing to the individually of the Spirit consort and becomes in the phenomenon of “the primary eruption” in the person of the Infinite Spirit. Henceforth, the impersonal spirit of the Creator Son becomes a bona fide person (local universe Mother Spirit). (17:6.7) 5. <i>The Postbestowal ages.</i> The triumphant Creator Son elevates the Universe Mother Spirit to co-sovereignty and acknowledges the Spirit consort as his equal (17:6.5) 6. <i>The Ages of light and life.</i> This stage is unrevealed as it pertains to future stage of evolution in Nebadon. (17:6.0) 7. <i>The Unrevealed Career.</i> Based on the evidence from the careers of other groups, an unknown seventh career is predicted. (17:6.10)

The Seven Master Spirits appear to coordinate the far-flung activities of God the Sevenfold. **1.** Collectively, the Master Spirits are nearly equal to the divinity level of the Trinity Paradise Deity. **2.** Individually they exhaust the primary associable possibilities of triune Deity. **3.** As diversified representatives of the Conjoint Actor they are repositories of

that spirit-mind power sovereignty of the Supreme Being which he does not yet personally exercise. **4.** Through the Reflective Spirits they synchronize the superuniverse governments of the Ancients of Days with Majestron, the Paradise center of universal reflectivity. **5.** In their participation in the individualization of the local universe

Divine Ministers, the Master Spirits contribute to the last level of God the Sevenfold, the Creator Son-Creative Spirit union of the local universes. Functional unity will be disclosed in the superuniverses of the future and this unity will be inseparable from the experiential sovereignty of the Supreme. (17:8.8,9)
